這個瘟疫終必過去, 最多一年或 18 個月, 到了疫苗出來的時候, 像米甸人一樣, 瘟疫就被制伏了. 瘟疫過去之後, 神的國度是不是多了許多勇敢的人? 還是只是有許多躲在床底下的人, 走了出來? 當下一個困難臨到的時候, 我們是不是多了許多敢面對困難, 與困難爭戰的人? 還是繼續尋找床底下的空間?

The plague will eventually pass up to a year or 18 months. When the vaccine comes out, the plague will be subdued like the Midianites. After the plague, will there merge many more brave people in the kingdom of God? Or just a few people who come out from under the bed? When the next hardship comes, will there be many more people who dare to face and fight against the difficulties?

Reflections:

1. "God wants us to become man/woman of valor", has this thought truly appear in your thoughts? Have you ever equated "obedience" with "timid"? What kind of inspiration does the changed life of Gideon give you? "神要我們成為大能的勇士", 這樣的思想在你的靈修默想裡面有出現過嗎? 你是否曾經把 "順服" 和 "軟弱害怕" 畫成等號? 基甸改變的生命, 給了你甚麼樣的啟示?

2. From being timid to being courageous starts in small points as #1 (vision) and #2 (comfort zone). Has God ever told you something in these regards? How was your response? Do you think you need to do anything different from now on? 從軟弱到剛強的道路從很小的 #1 (異象), #2 (安樂窩) 開始. 上帝有在這方面對你說過話嗎? 你的反應是甚麼? 你覺得前面的道路應該有甚麼不同嗎?
